## **EXHIBIT A**

### **TAP-IN FEES:**

Water tap-in fees shall be charged as follows:

One-thousand dollars (\$1,000) per each tap.

Sewer tap-in fees shall be charged as follows:

One-thousand three hundred dollars (\$1,300) per tap.

### **INSTALLATION FEES:**

The director may authorize licensed master plumbers to install connections to water or wastewater facilities upon written application. Water meters shall be supplied to authorized licensed master plumbers at cost; all other related accessories for water or sewer connections may be supplied to authorized licensed master plumbers. The director shall require payment of installation fees as listed herein or reimbursement of actual costs for any installations not specifically covered. All work done by other than city personnel shall be done only under the supervision of licensed master plumbers or licensed utility contractors authorized to perform such work. The director shall require that all installation is performed in accordance with specifications and/or standards conforming to sound engineering practices; in the event that such installation is not made in accordance with specifications and/or standards, the director may require the installation to be corrected or removed and reinstalled as necessary.

Installations that involve cutting the road will incur an additional fee. Expenses will be determined by city water/wastewater supervisor prior to commencement.

Water installation fees for making taps into the city water mains or water lines and installing water meters or providing water meters for licensed plumbers or licensed utility contractors to install shall be charged on the basis of reimbursement to the city for all actual costs incurred in making such installations.

Sewer installation fees for making connections to the city sewerage system and installing service lines for licensed plumber or licensed utility contractors shall be charged on the basis of reimbursement to the city for all actual costs incurred in making such connections.

An inspection fee of one hundred fifty dollars (\$150.00) for each water connection and one hundred fifty dollars (\$150.00) for each sewer connection shall be charged when a licensed master plumber makes such connections. Installation fees for installations requiring additional facilities including but not limited to manholes or flow metering installations shall be charged on the basis of reimbursement to the city for all actual costs incurred in making the installation.
